

# Security Leadership Solutions Executive Council

## THE SECURITY EXECUTIVE COUNCIL

The Council is an innovative problem-solving research and services organization. We provide strategy, insight and resources to risk mitigation decision makers. Taking input from all industry segments, the Council's proven practices provide an array of options that solve pressing issues. With a faculty of more than 100 successful experienced security executives, we work one-on-one with Tier 1 Security Leaders™ to help them reduce risk and add to corporate profitability in the process.

Through our pioneering approach of Collective Knowledge™ we serve businesses of all industries and sizes, government agencies, educational institutions and NGOs to help them effectively address their risk concerns. The Council is quickly becoming the foremost voice on organizational risk mitigation leadership.

### A COMPREHENSIVE APPROACH
